## NEWSLETTER - SEASON 2007-08 - ISSUE 3

### Player Registration Listings - Keighley Cougar Cubs Elland and Siddal

I requested from the West Riding Youth League copies of your player registrations. Despite reminders urging a response nothing has been forthcoming. To service the needs of the competition I require EACH club to provide me - preferably by email please - with a full player listing to include Dates of Birth and addresses.

### Scoring Records

The League is maintaining from the completion of Leagues games a comprehensive listing of scorers together with Man of the Match Winners. The HOME club must submit along with the official team sheet the Post Match Report form which highlights all the day's scorers.

### Admin Difficulties

Should any club feel the need to discuss areas of administration about which they feel either unsure or otherwise causing problems at local level then please contact me immediately. The competition to date is running smoothly and your management team hopes that this position will prevail as the ensuring weeks unfold. Keep up the good work.
